In the Job Market, February 2019
Minimum Wage, *Finance — It’s Personal*, November 2015
“Should They Go Back?” *Severe Weather*, October 2017
Trade Policies, International Relations and Your Wallet, February 2017

Bugs | Insects

Insect Habitat, October 9, 2001
Introduce your students to the world of insects, their collection, display and identification using dichotomous keys.

Insects That Bug Us, January 10, 2011
Study of arthropods and recent insect infestations has many interdisciplinary expressions. Beginning with observation and research, students may engage in scientific and journalistic writing and the creation of field guides, wanted posters and display cases. *Post* article reprints focus on bedbugs, stink bugs, beetles, borers and ants.

On the Brink: Threatened and Endangered Species,
March 10, 2009

Survival of plant, fish and wildlife depends on efforts by individuals, communities and state and federal governments. Conservation includes application and interpretation of provisions of the Endangered Species Act.

Jamestown

Jamestown at 400: Dawn of a New World, May 9, 2007
The commemoration of the 400th anniversary of the first permanent English settlement in America provides lessons in survival and death, cooperation and conflict, government and independent spirits. This first of a two-part Jamestown at 400 guide provides Washington Post articles, editorial cartoon, maps, illustrated Godspeed, and suggested activities for a study of Jamestown, yesterday and today.

Jamestown at 400, May 25, 2007

The second of a two-part Jamestown at 400 guide provides Washington Post articles, illustrated bio of a young Jamestown settler, an archaeologist's profile, and suggested activities for a study of Jamestown, yesterday and today. Articles can be categorized under four main themes: The convergence of three cultures, the invention of America, the realities of survival and daily life, and the significant contributions of archaeology in understanding the Jamestown settlement and its inhabitants.

Control of Congress, November 5, 2002
The 2002 election provides the faces and facts from which students can examine American citizens’ involvement in the democratic process and the power and influence that comes with control of Congress. “From Bill to Law in 5 Easy Steps” handout makes the law-making process easy to understand.

Letters to the Editor

Citizen’s Voice, September 6, 2011
Letters to the Editor provide a brief and effective forum for citizens to express their views. Students employ their skills of comprehension, analysis, comparison, synthesis, and persuasion through reading and writing letters to the editor. They may also be used to understand attitudes of the past.

Presidents, U.S.

Executive Decisions,

December 29, 2004

In order to become informed participants in a democracy, students should learn about the women and men who make decisions concerning their lives. The president of the United States and the Cabinet that he appoints are such people in the executive branch. Through Washington Post articles and activities using “Cabinets of President George W. Bush,” students are introduced to members of the Cabinet and their roles. David Broder’s commentary “Tight Little Cabinet” provides stimulus for an evaluation of Cabinet members. “Spotlight on the Attorney General’s Role” gives historic perspective, current expectation and an activity focusing on a current issue. Quiz your students’ knowledge using “White House Families” and “Presidential Trivia.” Read a review of presidential memoirs, “All the Presidents’ Books,” or select a book to read from suggestions.

Historic Choices and New Approaches, October 7, 2008

Change is the mantra, shibboleth and slogan of the 2008 presidential election. History will be made when either an African American is president or a female is vice president of the U.S. It is also a turning point in new uses of technology by candidates to attract donors, to communicate their message and to organize campaign workers, and by media and citizens to examine financial contributions and to fact check the candidates.
